

April 4, 2017

Following is the summary for the last meeting:

"At this meeting we discussed a bill relating to the taxation of cows. In preparation for the fast approaching May 17th tournament, we focused on being able to give three-minute two contention speeches."

I have attached the bill we will be discussing at tomorrow's meeting. In the interest of allowing the students more time to speak, I have also included research to aid the students in formulating their speeches.

Best,

Jeremy Yu
